Optional idea: takeout lunch and cooler flow

Limliwa confirmed by direct message: outside food and drinks are allowed, with no corkage fee. The main plan remains restaurant lunch before shopping and going to the beach. Takeout lunch at Limliwa after the house stop is an optional alternative, subject to group approval and revised timing because lunch would be later.

Stage	Plan
QC and grocery stop	Keep marinated BBQ and other chilled ingredients in sealed, leakproof containers in an iced cooler.
At the house	Transfer raw meat and chilled breakfast ingredients into the refrigerator/freezer promptly.
Beach preparation	Prefer a separate clean cooler for drinks and chilled snacks. If reusing the meat cooler, discard old ice, wash and sanitize it, then add fresh ice. Keep chips in a dry bag.
If takeout is approved	If the group chooses this option, buy takeout shortly before eating at the resort, after the grocery and house stops. Outside food and drinks are allowed with no corkage fee.
